Dear Sir,

Sub. : First Aid Training Programme for the Industrial Employees (Male & Female)

Our organization is in the training field of "First Aid to the Injured" since 52 yrs and has conducted number of training programmes at various places in the state of Maharashtra.

It is needless to stress the importance of First Aid Trained Persons in the Industries. There is every likely-hood of occurring the unexpected accidents at any moment in the industry and Medical Aid is not generally easily and immediately available on the spot of the accident. The First Aid Trained Person plays an important role at this critical stage until the Medical Aid is made available. If proper First Aid Treatment is given to the injured in major cases the injured person survives.

Our regular classes are conducted as under. (First 3 Sundays of every Month (Entire Programme is of 3 Full days Round a Year.)
