ABOUT PIONEER 2010

Today advancement of Technology has proved to be a key factor in every field. Also India is committed to become a Developed Nation by the year 2020 where technology will play a major role.

Owing to current requirement of rapid technological changes & tremendous competitions, it is necessary to enhance the skills, innovative ideas and problem-solving attitude in the minds of the students. A "Project Competition cum Exhibition" organized by the institute provides a best platform for the final year diploma students. An assignment of project work given to team of students as part of curriculum is considered as fertile seeds of future mega projects. Students from all over the Maharashtra state will share their ideas & views on common platform
